COMMERCIAL INTELLIGENCE

SATURDAY EVENING, MAY 6.

A SHIPMENT of £90,000 in Gold to Bombay is the only item of importance in the London telegram. Bank shares are quoted as before. Consols are quoted higher, viz., £101¼; other quotations much as before. Coffee is reported unchanged, and the quotations we gave yesterday are repeated; so also with Ceylon Cocoanut-oil, but Cochin is advanced from £34-10 to £35.

The Manchester market is reported quiet, with a fair business offering, but at lower prices than makers can accept. The shipments to the East for the month of April are moderate again; so that stocks, both here and in Calcutta, are, no doubt, working down to more moderate compass, and merchants and dealers are beginning to think again about new supplies; but the demand must be a good deal more active here before they will pay generally the prices asked at home. When business is put through at present it is only where makers are very moderate in their ideas. The sanguine spirit in which dealers ordered goods in the first half of 1881 is not likely to show itself again in a hurry.

Copper is again quoted Braziers £74, Wallaroo £68-10, Yellow Metal Braziers 6¾, Hard Spelter £11-5, and the freight of dead weight from London to Bombay 12-6.

The sales of cotton in Liverpool for the day were 10,000 bales; for the week, 63,000. Prices were unchanged there, but in America August futures had gone up to 12·66.

The statistical position of the article for the week in the U. K. was as follows compared with last year:—

	1881-82.	1880-81.
Total stock in Liverpool	950,000	1,000,000
Of which Surats	217,000	53,000
Total stock in London	64,000	50,000
Prices of Mid. Uplands	6 5-8	5 7-8
Do. F. Dholleras	4¼	4 3-16

And the same for America:—

	1881-82.	1880-81.
Total week's receipts	28,000	45,000
Total receipts to date	4,310,000	5,368,000
Total exports to U.K.	1,948,000	2,333,000
Do. to Continent	1,042,000	1,539,000
Total stock at the ports	668,300	580,000

The total visible supply of cotton of all kinds is now 2,930,00 bales as against 3,150,000 at the same time last year, and of East Indian it is 865,000 bales against 517,000 bales.

Arrival quotations of Surats are given:—

Dholleras, Good, G. Clause, April-May, Cape .... 5 3-32d.
Do. G. F., G. F. Clause, March-April, Canal .. 5 1-16d.
Comras, do. Clause, April-May, Cape .... 5 1/16d.
Do. do. March-April, Canal .. 5 3/32d.
Do. do. do. Cape 5 3-16

In our local market we have had a little more inquiry to-day, and rates are a little stiffer; but no actual advance has taken place, and quotations remain unchanged. Fully Good Dholleras have been in very good demand at Rs. 192, and Broach is again reported sold at Rs. 230.

In Seeds and Wheat a fair business is doing at the current rates, which are the same as before.

In the Bazaar the demand for piece-goods is said to be rather quieter, and prices favour buyers.

COPPER is still in good demand on the spot, but there have been some considerable arrivals, and prices are not above Rs. 46¼ to Rs. 47. To arrive rather lower prices are being offered.

EXCHANGE.—We still quote:—

	Tel.	Demand.	3 months.	4 months.
Banks	1 8 5-32	1 8 7-32	1 8¼	1 8 7-16
		3 months.		6 months.
Credits		1 8¼		1 8 21-32
Documents		1 8 11-32		1 8 23-32
France		216¼		216¾

But there is not much business doing, and the tone is weak.

FREIGHTS, both by Cape and Canal, are firm at former quotations. By Canal to Liverpool we quote Cotton 35, and Seeds and Wheat 33-9. By the Cape 52-6 to Liverpool is readily given.

GOVERNMENT PAPER is firm, and in good demand. 4 per cents. have been dealt in at Rs. 101½ for large and as high as 102⅛ for small lots. 4½ we quote 103½.

Bank of Bombay shares are reported sold at Rs. 782½. Bombay and Burmah Trading at Rs. 2,475. Press shares are firm.

Mill shares are in more demand at the fall, and prices all round are steadier.

MONDAY, MAY 8, 1882.

THE Egyptian crisis is not taking a favourable turn. According to a Paris telegram in the *Times*, the Great Powers have agreed to the principle that Turkish intervention in Egypt be abandoned. But they have also agreed that Halim Pasha, Ismail Pasha's uncle, and a pretender who is the known *protégé* of the Sultan, shall be substituted for Mehemet Tewfik should the Powers be unanimous as to the necessity for that step. What is still more surprising is the declaration that the initiative in this matter is left to France. It is consolingly added that France will act in accord with England in the matter. Whether she does so or not, she has now been placed with regard to Egypt in a leading position, which she has not hitherto occupied. There is no explanation of the means by which she has attained the position of sole mandatory of Europe in a matter of such moment as the deposition and elevation of the Khedives. Of the wisdom of placing Halim Pasha on the throne of Egypt we have great doubts. Halim Pasha has resided at Constantinople for years past, and has spent his time in intriguing at the palace for the reversion of the Khediviate. It has been perfectly well understood that he is willing to accept the Viceregal throne at the hands of the Sultan, and to behave in all respects as an obedient vassal. His accession to power would be a victory for the Turkish party, and would by no means diminish the strength of the followers of Ismail. The disturbances in the Soudan have just assumed formidable proportions, the prophet Mahdi having defeated the Egyptian troops at Sennaar and threatened Khartoom. If the National party, with Arabi Bey at their head, find themselves menaced by European intervention on behalf of Halim Pasha, the whole country from the Mediterranean to the Equator may easily drift into hopeless anarchy, for they will not descend from power and walk on board a steamer as unconcernedly as Ismail did when he was told to go. It cannot be said that the Western Powers improved matters much by substituting Tewfik for Ismail. The attempt to put Halim into Tewfik's seat will make the confusion worse confounded.

As was to be expected, the action of the Ministry in abandoning the coercion policy in Ireland is to be challenged in the House of Commons. The Conservatives held a meeting on Friday, and it appears that they then resolved to join issue with the Government. Sir Michael Hicks-Beach, who was himself Chief Secretary for Ireland under the Beaconsfield administration, will this evening introduce a motion demanding a statement from the Government with respect to their policy in Ireland, and in the anticipated result of the statement being unsatisfactory, he will move a vote of censure on the Ministry. It is currently reported, so the telegram informs us, that the Whig supporters of the Government will cooperate with Sir Michael Hicks-Beach in this matter. Mr. Gladstone will, of course, have the support of the whole of the Home Rule party to make up for the defection of the Whigs, and he will doubtless be able to defeat the vote of censure by a decisive majority. The fact that the brother of Lord Hartington takes Mr. Forster's post shows that the noble Marquis, who is acknowledged by all parties as pre-eminently the "safe man" in the Ministry, believes that the discontinuance of the policy of coercion is prudent and necessary. As ong as it was supposed that Mr. Chamberlain was the only member of the Government who was prepared to try the experiment of administering the affairs of Ireland by means of the ordinary law, it was natural to presume that coercion was indispensable. Now that Lord Hartington and all the Cabinet, with the sole exception of Mr. Forster, believe that the continuance of the state of siege is not required, the case is altered. Mr. Gladstone will doubtless refer to Lord Salisbury's declaration that the Government alone was in a position to decide whether an increase or a decrease of coercion was the best under the circumstances. It is certain that the Conservatives themselves had decided upon a new departure before the Government effected a change of front. At a meeting in Edinburgh a month ago, Mr. Biggar, M.P., urged that the Irish element in constituencies should combine to place Mr. Gladstone's Government in opposition, believing that they would get a bill from the Tories based on Mr. W. H. Smith's measure which would settle the land question once for all. The *Standard*, in an article on the temporary release of Mr. Parnell, taunted the Government with having conferred the cheapest of favours on an opponent who was "a man of honour and a gentleman," and then went on to say that "his chivalry and his intelligence" were guarantees against any breach of his parole. As if this were not significant enough in the columns of the chief Conservative organ, the writer added: "Whether his temporary release from Kilmainham may prove the precursor of any change of the Ministerial policy in Ireland is not a subject that we are now concerned to discuss. Should such a change be impending, Mr. Parnell, we may be sure, is the last man in the world to retard its consummation." The *Telegraph*, which has for some time past been also a Conservative organ, pronounced Mr. Parnell's arrest to have been a tremendous mistake, and demanded a return to the "old lines of the Constitution." The fact is, public opinion in England has undergone a change of which the attitude of the Opposition leaders and organs and the action of the Government were simply the results. It is scarcely on the cards, therefore, that Sir Michael Hicks-Beach can inflict a defeat upon the Government. Indeed, it is not altogether probable that he has the desire to carry his vote of censure, and thus force the Government to resign. The Conservatives are not ambitious of undertaking the government of Ireland as matters stand. They prefer to leave that task to their opponents. The difficulty in the way of their applying coercion has been greatly aggravated by the fact that the whole of the Liberal Ministry, save Mr. Forster, has declared that coercion is a mistake. Opinion in England has declared against what has been termed the "raw head and bloody bones" policy recommended by Mr. Goldwin Smith, so nothing is possible in that direction. Besides, the Parliamentary leaders of the Land League are now in London, and would scarcely return to Dublin to enable Sir M. Hicks-Beach to arrest them there. The vote of censure is not likely to be pushed home, even if the defection of the Whigs be on a scale large enough to promise a victory.

PROPOSED VOTE OF CENSURE ON THE MINISTRY.

LONDON, MAY 6.

Consequent upon a meeting of the Conservative members which was held yesterday for the purpose of discussing the change of the policy of the Government in Ireland, Sir Michael Hicks-Beach gave notice in the House of Commons last night that on Monday next he would introduce a motion demanding forthwith a statement from the Government respecting their policy in Ireland. Sir Michael will propose a vote of censure should the statement be unsatisfactory.

It is expected that a similar motion will be introduced in the Lords.

It is currently reported that Sir Michael Hicks-Beach will be supported by the Whigs.

THE GREAT POWERS AND EGYPT.

The *Times* of to-day publishes a telegram from Paris stating that the Powers are agreed as to the principle of Turkish intervention in Egypt being abandoned, and that possibly Halim Pasha (the Khedive's great-uncle and pretender) will be substituted for Mehemet Tewfik, the present Khedive, should the Powers be unanimous as to the necessity for such a step. The initiative in this matter is left to France, who will, however, act in accord with England.

MR. NEWCOME FOX, barrister-at-law, has been appointed to act as Clerk of the Crown at Bombay in place of Mr. Jardine, who proceeded on leave to Europe by the last mail-steamer. Before leaving Bombay Mr. Jardine made over charge of the office of Advocate-General to Mr. Lang, and of that of Clerk of the Crown to Mr. Fox.

LIEUTENANT G. H. WATSON, 41st Native Infantry, will, it is believed, succeed Captain Macpherson as Cantonment Magistrate of Peshawur. Captain H. M. Rose, of the same regiment, was acting D. A. Q. M. G. for Captain Fulford. We regret to state that Captain Fulford broke a blood-vessel at five o'clock on Thursday evening, and died almost instantaneously.

A PARADE is to be held at Lucknow shortly, at which Afghan honours will be distributed.

THE *Englishman* says that a statement in an English paper that Lord de Grey is coming to India this summer, and that Lady Ripon accompanies him home at the end of his visit is quite incorrect. "Earl de Grey's present intention, we believe, is to come here about Christmas, and stay three or four months. Lady Ripon, at present, has no intention of accompanying him home on his return."

MAJOR JOHN BIDDULPH, late of Gilgit, officiates in the room of Colonel Waterfield as Agent to the Governor-General, Biluchistan.

BRIGADIER-GENERAL R. BLAIR has been transferred to the command of the Rohilkund district, *vice* Brigadier-General Murray. Brigadier-General Dandridge succeeds to the command of the Mooltan Brigade, *vice* Blair.

COLONEL C. LANE, B. S. C., and Major J. Lassalle, G. L. I., are both reported as being about to retire. The former has served in the Commissariat Department since May, 1858, and as Assistant Commissary-General, 1st class, since October, 1880. Colonel Lane entered the service in 1848, at the age of seventeen years, and would succeed to his allowances in December, 1886, if he waited for them. He was present at the siege and final capture of Delhi, and afterwards served with the 4th Punjab Infantry under Generals Greathed and Grant, and at the relief of Lucknow by Lord Clyde in November, 1857; he also served in the Afghan War of 1878-79. Major Lassalle only entered the service in 1860, and has been employed in the Political Department, holding the appointment of agent, 3rd class, and Assistant Commissioner, Ajmere, since February, 1880.

A *Gazette of India Extraordinary*, dated Simla, May 1, contains the following notification:—"A vacancy having occurred in the office of an Ordinary Member of the Council of the Governor-General of India by the resignation of the Honourable Whitley Stokes, C.S.I., C.I.E., Her Majesty the Queen, Empress of India, has been graciously pleased to appoint Courtenay Peregrine Ilbert, Esq., M.A., Barrister-at-law, to be an Ordinary Member of the Council of the Governor-General of India. Mr. Ilbert has on the afternoon of this day, under the usual salute, taken his seat as an Ordinary Member of the Governor-General's Council."

A NOTICE to mariners is published by the Marine Survey Department, to the effect that a gun will be fired from the Krishna Shoal Light-vessel every half-hour during thick or foggy weather, and that this light-vessel is now painted red, instead of yellow as formerly.

THE North-West Provinces crop and weather report for the week ended on the 3rd May states that partial showers fell in two districts. Prices show little fluctuations. Cholera prevails in Fyzabad, and has increased slightly in Allahabad, but is decreasing in Gorakhpur and Sitapur. A few cases have occurred in Lucknow and Pertabgarh. There is slight small-pox in five districts. Cattle-disease continues in Kumaun, and has decreased in Jhansi. A few cases are reported in Lucknow and Bareilly.

THE case in which Mr. Muncherjee Cowasjee Lungrana, editor of the *Satya Mitra*, is charged by Mr. Kaikhoshru N. Kabrajee, editor of the *Rast Goftar*, with libel, criminal intimidation, and insult was further proceeded with on Saturday, before Mr. Ryan, at the Fort Police Court. In the course of the complainant's re-examination, Mr. Pherozeshaw proposed to ask the witness questions relating to "the false and scandalous" reports of the proceedings of the trial published in the defendant's paper, for the purpose of proving malice. Mr. Skipsey, on behalf of the defence, objected to the course which Mr. Pherozeshaw proposed to take. The magistrate accepted the objection, and said that the prosecution could bring, if they liked, a separate charge of contempt of court against the defendant with reference to the reports. Mr. N. Byramjee Jeejeebhoy was examined on behalf of the prosecution. He referred to several articles appearing in the *Satya Mitra*, and said that the allegations contained in them had been made against the complainant and his family. Witness often warned the defendant against making such allegations, but he took the matter very lightly. Mr. Nanabhoy remembered having once asked the defendant the meaning of a certain article appearing in the *Satya Mitra*, and the defendant had replied that it was a hint given to the police with reference to a particular member of the complainant's family. After the examination of the witness was finished, the case was adjourned until Tuesday, the 16th instant.

THE Chief Presidency Magistrate, Calcutta, finding that complainants, after obtaining summonses, often did not appear to prosecute their cases, has adopted a novel mode of compelling them to do so. Though complainants had to pay for their summonses and subpœnas, the amount was so trifling, particularly to the well-to-do people, that they never troubled themselves to appear and prosecute. In order to compel them to prosecute, a complainant is now asked to sign recognisances to the extent of Rs. 20 to appear and prosecute the charge made by him. Complainants will be at liberty to appear and withdraw their charge, should the Magistrate consider they had good grounds to do so.

CHEVALIER DEVAUZE has just completed a large picture for this year's exhibition, which will have a special interest for the Anglo-Indian public. The picture has been painted with the view of perpetuating the memory of Frederick Roberts's march from Kabul to Kandahar, and represents the passage of the troops over the Zamburak pass, leading from the Logar into the Wardak valley.

THE Mahomedans of Madras do not appear to be so backward as their co-religionists of the other Presidencies. A Mahomedan correspondent writes to the *Madras Mail*:—"Since the *régime* of Lord Hobart, the Mahomedans of the Madras Presidency have been fortunate. In 1873 a special impetus was given by the Government of Lord Hobart to the education of Mahomedans and their admission to the public service; and the push thus given has been renewed from time to time, so as to prevent a cessation of the motion brought about. The result has been no means discouraging. At this date there are, whether in acting or in permanent appointments, four Mussulman Deputy Collectors, two Moonsiffs, one Police Magistrate, and one Probationary Civil Servant, in addition to men in subordinate grades. The Government has evidently, during this period, been anxious to encourage this important section of the population, and if it has not done all that the community could wish, the latter has its own members to blame."

WITH reference to the remark of Colonel Johnstone that no judge has been attacked in the Punjab, a correspondent of the Lahore paper points out that the undermentioned officers all exercised judicial powers in the Punjab, and were attacked by assassins:—Colonel Mackeson, whose "loss would have dimmed a victory," as Lord Dalhousie pathetically remarked; Major Adams, Deputy Commissioner; Mr. Moore, Deputy Commissioner; Mr. Jenkins, Deputy Commissioner. And of these three were murdered, and the fourth was severely wounded while actually holding court. The following were attacked, but the attack failed and they remained uninjured:—Sir H. Edwardes, General Nicholson, and Colonel Waterfield. The native judges too have not wholly escaped. Extra Assistant Commissioner Hakim Rai was killed by an assassin, and two or three others attacked. It is true that Mr. Justice Norman and other judicial officers have been attacked and killed elsewhere, but no province has a more unenviable notoriety for murderous assaults than the Punjab.

MR. R. S. SMYTHE, who is acting as agent for Mr. Archibald Forbes, arrived at Adelaide in the middle of April to make arrangements for Mr. Forbes delivering a course of lectures in the principal towns of the Australian colonies during the month of May, commencing either in Melbourne or Sydney.

AT Shanghai recently a man shot himself because he had inherited a large sum of money. "The deceased inherited the sum of $25,000 on the death of his uncle, the late Mr. Camillo de Souza, and it is supposed that this good fortune turned his brain."

A CHINA paper reports:—The vessels passing the Woosung forts have lately had rather a lively time of it. The Celestial gunners, apparently determined to attain something like accuracy through dint of practice and waste of powder, have been firing into passing steamers, with the result that several vessels have had narrow escapes from being damaged. It is believed the matter will be officially represented to the Chinese Government.

THE revenue returns of the colony of Victoria for the quarter ended on the 31st March show that the increase on the quarterly returns for the same period of 1881 in the Customs department amounts to £96,781 12s. 11d., and in the department of excise and inland revenue to £21,139 17s. 7d. The total increase from all sources on the same quarter of last year amounts to £114,104 4s. 10d.

THE case of the frog which has been a big gooseberry to our local contemporary is the subject of a discourse in the *Bombay Guardian*:—We believe in suspended animation, that is, we believe that under certain circumstances, the functions of life come to a kind of stand-still without an entire surrender, the wear and tear of life being reduced to a minimum, with conciousness itself in a state of abeyance. We remember once hearing from a friend who was a shipmaster that just as he was taking a ship into port after a voyage of about forty days, he found in the fore part of the ship, in an out-of-the-way place between decks, a man in an unconscious state, who was brought to, and who, according to all the proof that was available, had been in that state from the beginning of the voyage. We are sure that the narrator believed what he averred, that the man had been in a state of unconsciousness forty days, and we ourselves were not unwilling to believe it, but at the same time we should have liked to have stronger demonstration of so extraordinary a fact. We are now hearing about a frog found in a subterranean monument near Bassein, still alive after having been buried there, it is supposed, eighteen centuries. The frog was found by a coolie, the gentlemen explorators being some yards above. It is hardly conceivable that the parties who constructed this monument in honour of Buddha would have knowingly left a frog in the small chamber in which it is said to have been found; and if it was not there, then it must have got in at some subsequent moment, and if at a subsequent moment, we are not obliged to assign an early period for its advent. The man who was in the forty days' trance on ship board was found very emaciated; but such does not appear to have been the case with the frog. On the whole, we suppose the verdict must be "not proven." The circulation of blood in the foot of a frog is a wonderful sight viewed by a good microscope, and one finds it difficult to conceive of the arrest of such a tide without extinction of life.

THE SOPARA RELICS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—If Sir James Fergusson wishes to emulate the deeds of the Lord Elgin who rifled the Parthenon he has now, I am informed, the opportunity. When you referred a few days ago to the objections raised by Dr. Burgess, as Archæological Surveyor for this Presidency, to the opening of "topes" and other efforts of research by "unauthorised" persons I suppose you were not aware that Dr. Burgess has represented to Government that the Buddhist relics recently unearthed at Sopara *should be sent forthwith to Europe*. If this proposal were founded merely on the argument that where the Archæological Surveyor is there should relics be gathered together, it might do some service in leading the public to ask why the office of the Bombay Archæological Surveyor should be situated in Edinburgh. Is it that distance may land enchantment to the "view?" But I believe it is gravely urged that it is only by the proposed transfer of property that the fruit of Mr. Campbell's discovery can be brought within the reach of scholars. This is most certainly not the case. For his knowledge of the inscription on the coin the Archæological Surveyor himself is as much indebted to local knowledge, as he and other scholars are indebted to local enterprise for its discovery. Even if we admit for the sake of argument that it would tax the united efforts of Bombay scholarship to draw up for the use of European scholars a perfectly accurate description of the relics, why should they not be photographed? The main results of the "survey" on whose behalf a claim which I can only call preposterous has been put forward, are a set of accurate transcripts, made by mechanical means, of inscriptions, which now fill a lumber room in the India Office, and clamour for an "unauthorised" person who can translate them. By all means let European scholars have such a reproduction, as perfect as possible, of the relics placed at their disposal But I humbly urge on Sir James that unless. "Archæological Survey" is a euphemism for something else, there is no reason why Dr. Burgess should be allowed to take the relics themselves out of the country.

RELIC.

THE MAHOMEDAN NATIONAL ASSOCIATION.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—I see from the papers that a section of the Mahomedan community of Bombay convened, in Love-lane, Mazagon, on the 29th of last month, a meeting whose ostensible object was to put signatures to a congratulatory address to Her Majesty, but whose real work was to lay the foundation of a Bombay National Mahomedan Association.

I should not have troubled you, but the absence of some of the most important members of the Anjuman-i-Islam has to be promptly explained. A fraud was perpetrated upon them. The Anjuman itself was going to convene a meeting of its own to vote the address; but it was persuaded to postpone its meeting, while a hostile party, consisting of some members of the Anjuman, anticipated the Anjuman, and of a sudden called a meeting at which members of that body could not of course be present. The motive of this hostile party can be easily explained when it is remembered that it actually prevented the Anjuman from voting an address, because, it said, one was already voted. By perpetrating a fraud upon the Anjuman, this party wished to make itself the quintessence of loyalty. The whole scheme was in its conception and execution mean and shameful. It was like stealing a march on a confiding friend. The very fact of the Anjuman being put off and inveigled into a postponement, when an important event such as that of signing a congratulatory address to Her Majesty was to occur, must *primâ facie* throw some doubt on the *bona fides* of the conveners of this meeting.

Repeated attempts have been and are being made by persons who are neither distinguished for ability nor sincerity to disparage the Anjuman: that it is a body which is almost unknown to the general public; that its pretensions are like a storm in a tea-cup; that it is a weakly organised body; and that, according to the principle of the survival of the fittest, it must give place to an institution more vital and lofty enough for the ambition of the Mahomedans of Bombay.

Now, I proceed to say that the Anjuman can amply justify its own existence.

Istly. The Anjuman-i-Islam has existed for the last seven years.

2ndly. The Anjuman is publicly recognised as a useful body, whose efforts towards advancing education among the Mahomedan community deserve every praise, because they have met with considerable success. Apart from encouraging very high education, if the Anjuman succeeds by its literary blandishments in emancipating the children of poor Mahomedans from dens of sloth and vice, that itself is an achievement of no mean sort.

3rdly. The Anjuman, by reason of its beneficial work and progress, has so far succeeded in getting the ear of Government that they have magnanimously given a grant-in-aid of Rs. 500 per month. But the Municipality has vied with Government in helping on a good work. Thanks to the efforts of Mr Budruddin, the Municipality have been generous enough to grant the Anjuman Rs. 5,000 a year. I need not say that the Anjuman enlists in its ranks the major portion of the wealth, nobility, and intellect of Bombay.

Last, an institution which can claim for its guests at the first distribution of prizes in the Town Hall such gentlemen as the Hon. Mr. L. R. Ashburner, the Hon. Mr. Justice R. West, and Mr. J. B. Peile cannot exactly be a snare, a fraud, and a delusion. This is indeed a body whose existence is almost unknown! Perversity and stupidity can go no farther!

Now, Sir, let me play the cicerone with regard to the bright galaxy of names in the account given of the embryo Bombay National Mahomedan Association. Never was a mirage more deceptive! The fact is that some of the great men whose names you see have never been consulted, and have never been consenting parties. I can say on reliable authority, and if challenged will prove, that some of these gentlemen whose names have thus been smuggled into the list, actually deprecate the creation of a rival association, and regard the idea as not only chimerical, but positively mischievous.

VINDEX.

MALARIA.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—As you have of late evinced some interest on the subject of malaria, will you permit me to mention that the supposed new discovery as to its cause, viz., the action of the sun on soil devoid of vegetation was established some years ago as the result of the investigations of an eminent medical man in this country, Dr. D. Boyle Smith, late Principal of the Medical College at Calcutta, who was specially commissioned to the task in connection with the districts of Bengal where malarious diseases greatly abound? His views, disclosed in lectures to his pupils, showed that the elimination of malarial poison was effected by the action of the sun's rays direct and indirect, mainly both on rivers, and that as long as these kept full, or nearly so, the inhabitants around enjoyed an immunity from malarious fevers, &c. In fact, so much is this theory now in vogue that the idea of regarding swamps, marshes, and decaying vegetation as sources of malaria can only be said to be a fast fading remnant of the old school.

May 4. AN OLD PUPIL.

MR. MATHEW.

THE following address was presented to Mr. Mathew by his office staff:—

To FRANCIS MATHEW, Esq., M. Inst. C. E., Agent and Chief Engineer, B. B. and C. I. Railway, Bombay.

SIR,—On your approaching retirement from the office of Agent and Chief Engineer of the B. B. and C. I. Railway in Bombay, to assume that of Consulting Engineer to its Board of Directors in London, we the undersigned members of your department take this opportunity of expressing to you our high respect for your character, and our deep sense of gratitude for the justice and kindness with which you have invariably treated us. The impartial manner in which you have always bestowed your patronage has been a most marked feature in your administration; and while you have ever kept in view the claims of old servants of the company, you have at the same time, looked to merit and character as constituting the best title to employment or promotion in the service. The interest which you have thus evinced in our welfare has placed us under deep obligations to you, and we gratefully and respectfully acknowledge the many acts of kindness which we have received at your hands while you have been at the head of this department. It would be presumptuous in us, as your subordinates, to enlarge on your business qualifications. These have been recognised and appreciated by those in high position, who are better qualified than we are to estimate the valuable services which you have rendered to the company. Although we have had the privilege of being allowed to take a part in the testimonial which has been set on foot by the heads of the several departments of the Bombay Presidency, we cannot but feel that, as your immediate subordinates, and placed as we are under your personal control, it is our duty to offer you this grateful expression of our high esteem and respect for you as a superior whom we look upon as a benefactor. Your kindness to us will always have a place in our memory, and we hope that in your own country you may have many pleasing recollections of old times passed in Bombay. That the Great Ruler of all may be pleased to bestow many blessings on yourself and your family wherever your lot may be cast, is the fervent prayer of your faithful and obliged servants.

Bombay, May 1.

COURT MARTIAL ON A NATIVE OFFICER.

AT a General Court Martial, assembled at Abbotabad, on 6th February, Subadar Major Jai Singh, of the (Queen' Own) Corps of Guides, was arraigned on the following charge:—Neglect of duty, to the prejudice of good order and military discipline, in having, when commanding the detachment of his corps at Fort Abazai, failed to report forthwith to the Commandant of the Fort, or other superior authority, a complaint officially made to him, on or about the 4th July, 1881, to the effect, that by order of Jemadar Zairulla, under his command, four sowars of the detachment had, the previous evening, in contravention of the standing orders of the Fort, been passed through the Fort Gate, after it was closed, and had brought back with them certain wood suspected by the non-commissioned officers of the gate guard to have been stolen from the Government woodstore outside the Fort; owing to which neglect, on the part of the prisoner, the alleged misconduct on the part of Jemadar Zairulla was not made known to Major Kirke, the Commandant of the Fort, until he was informed of it by Lance Duffadar Shah Sowar, one of the said non-commissioned officers, on or about the 20th July, 1881. The Court found that the prisoner was not guilty of the charge.

THE LATE SIR E. PERRY.—The *Rast Goftar* says that if in these times of address mania any person deserved a statue, it was the late Sir Erskine Perry. Our native contemporary calls upon the old Elphinstonians to take up the idea.

THE WEATHER AT SECUNDERABAD.—The (thermometer) "observed extremes' for the week ending 1st April at the Secunderabad Meteorological Observatory were 101·0° and 74·6°. The highest reading was 104·2° and lowest 72·6°.

ACCIDENT.—Ganga Bhow, a female labourer employed discharging a cargo of wooden sleepers at the Gun-carriage Pier, let one of them fall on her leg, and sustained a compound fracture of the limb. She is under treatment in the Goculdas Tejpal Hospital.

THE I. G. S. TENASSERIM.—The I. G. steamer Tenasserim, 1,760 tons, Captain B. P. Creasch, will sail to-day for Kurrachee, with 1 native officer and 75 men, drafts of native regiments; and 1 woman and 4 children of the Ordnance Department.

THE MORLEY HALL THEATRE.—The amateurs of the King's Own Regiment will give performances this evening and to-morrow, and Thursday evening. The performances will be under the patronage of Brigadier-General Carnegy and the officers of the garrison. "The Trials of Tompkins," a farce, and "Fra Diavalo," a burlesque, will be played on the boards.

SUDDEN DEATH.—A coroner's inquest was held yesterday at Boree-bunder, on the body of Rowjee Maya, aged about 60 years. Deceased was a mendicant, and had recently arrived in Bombay from Panwell for the purpose of visiting his wife, who is an inmate of the Leper Hospital. Deceased, while at the Boree bunder, suddenly dropped down, and died in a few moments. The verdict was that the death of the deceased was caused by heart-disease.

HOUSE-BREAKING AND THEFT.—Chuttoorbooj Luximondas, living at Jugjeevun Keeka-street, reported to the police that on Friday his wife left home at 1 p.m., locking the front door of the house. She returned at 3-30 p.m. on the same day, when she found the staple wrenched off the door, and on entering her house, discovered that a box in which she kept her ornaments had been forced open, and jewellery of the value of Rs. 602 stolen.

ASSAULT AND CRIMINAL INTIMIDATION, &C.—Pestonjee Framjee Sonawalla, Bhickaijee and Ruttonbai, women, Currim Mea, and Rustomjee Palionjee Kapadia appeared on Saturday before Mr. Dosabhoy Framjee to answer charges of assault, using criminal force, and criminal intimidation, preferred against them by Bomonjee Eduljee Sonawalla. Mr. Tobin, solicitor, appeared for the prosecution, and Mr. Payne for the defence. The circumstances of the case are electric. On the 23rd April last the first defendant and his family arrived from Mahim, and desired to occupy a portion of complainant's stable at Khetwady. A dispute arose; complainant received a cut on the head with a stick; he alleged that the blow was inflicted by one of the female defendants. The evidence adduced for the prosecution appeared to be very conflicting, and His Worship thereupon dismissed the case, and the defendants were discharged.

SUICIDES.—A coroner's inquest was held on Saturday, on the body of Pestonjee Cowasjee, aged 60 years. Deceased, it appears, was a compositor, and had been suffering from asthma for the past eight years. He came originally from Surat, but five months ago his eldest son died, and since then he appeared to be melancholy and depressed in spirits. On Friday last he left his residence at Dhobi Talao, and did not return. His body was subsequently found floating in a well on the Esplanade. His clothes and shoes were also found lying on the ground by the side of the well. The verdict was that the death of the deceased was caused by his having committed suicide by drowning himself in a well.—Another inquest was held by the coroner on the same day, at Kandawady, on the body of Dajee Raghoo, a tailor, aged twenty-four years, who also committed suicide by drowning himself in a well in that locality on the night previous. A verdict to the above effect was recorded.—An inquest was held yesterday at the J. J. Hospital, on the body of Hoosain Enos, aged 55 years. Deceased was a fitter, out of employ for the last five months. His body was found floating in the Baboola Tank. The verdict was that the death of the deceased was caused by his having committed suicide by drowning himself in the Baboola Tank.

STREET ACCIDENTS.—Fazul Sydad Khan, a jockey was riding on the Market-road on Friday, when his horse made a slip, while treading on the tram rails, and fell. The right leg of the rider was fractured. He was removed to the Goculdas Tejpal Hospital for treatment.—Daru Mohun, whilst walking on the Pinjrapole-road on Friday last, was knocked down by a runaway horse, and his right arm was fractured. He is under treatment at the J. J. Hospital.

RESCUED FROM DROWNING.—A Hindu girl, aged about thirteen years, on Friday forenoon last, while standing on the steps of the Baboola Tank, accidentally fell into the water, and in all probability would have been drowned but for the timely assistance of Inspector Cobb, who happened to be passing at the time, and at once jumped in after the girl, and rescued her. She was removed to the J. J. Hospital, where she was attended to.

MR. F. MATHEW.—Mr. Francis Mathew, with his family, took his final departure from India by Friday's mail, after a distinguished career in Bombay for upwards of twenty-four years, chiefly in connection with the Bombay, Baroda, and Central India Railway, but also, and in no small degree, as a member of the Corporation of Bombay, as one of the Trustees of the Port, and as Chairman or as a director of other bodies, scientific, mercantile, educational, or social. The many testimonials Mr. Mathew has received during these last days, from multitudes whose happiness has for many years been linked with his wise and just tenor of life, form a record than which man could hardly wish for anything higher here below. May he prosper and be happy!—*Bombay Catholic Examiner.*

MEDICAL AND PHYSICAL SOCIETY.

THE usual monthly meeting of the above Society was held in the Convocation Hall of the University on Friday evening, the 5th, at 4-30. Present: Dy. Surgeon-General Moore, President, in the chair, Drs. Carter, Pinkerton, Dymock, Rozario, Gray, Barker, Murphy, Kirtikar, Atmaram Pandoorang, Sakaram Arjoon, T. Bhicajee Nariman, Cowasjee Pestonjee, Blanc, Waters, with the joint Secretaries Drs. Maconachie and Cody.

The minutes of the preceding meeting having been read and confirmed, Dr. Dymock read a note on the use of the oil of *Pongamia Glabra* in the treatment of *Pityriasis Versicolor* of India and other skin diseases, which gave rise to an interesting discussion, in which many instances of the native popular remedies in use for different diseases were given. The same author read a paper on the superstitions in connection with the vegetable kingdom, more particularly referring to the healing properties and other medicinal virtues attributed to various plants. The paper was most interesting, giving many instances of the Eastern and Western superstitions prevailing, and was listened to with great attention. A case of Traumatic Tetanus was presented by Surgeon-Major Bainbridge, and two others of abdominal wound with protrusion of intestines were also presented by the same author. The papers gave rise to a good deal of discussion, more particularly the first mentioned, many instances being given of the various remedies employed in this disease, and the varying results obtained. Surgeon Worgan presented a case of acute gastric ulcer, which gave rise to some discussion. The paper gave some very interesting pathological details, and was received with much satisfaction by the Society. This paper concluded the business of the meeting, which was adjourned.

CHARGE OF LIBEL AGAINST A NATIVE EDITOR.

AT the Fort Police Court on Saturday, the case in which Mr. Muncherjee Cowasjee Lungrana, editor of the *Satya Mitra*, is charged by Mr. Kaikhoshru N. Kabrajee, editor of the *Rast Goftar*, with libel, criminal intimidation, and insult was further proceeded with before Mr. Ryan.

Mr. Pherozeshaw Mehta, instructed by Messrs. Ardesheer and Hormusjee, appeared for the prosecution; and Mr. Skipsey, of Messrs. Skipsey and Wilkins, for the defence.

Mr. Kabrajee's re-examination was continued today. He said that the Parsee reformers objected to now remains.

SINGING AND DANCING, as practised by nautch-girls, on the ground that it was connected with disreputable associations. They wanted to separate singing and dancing from such associations. The defendant was professing to report the proceedings of this trial.

Mr. Skipsey objected to the last answer going in. He said that the question did not rise out of the cross-examination. His learned friend was trying to import an entirely new element into the case.

Mr. Pherozeshaw contended that publications subsequent as well as precedent to a libel could be brought forward to prove malice. The learned counsel said that the reports of the proceedings in the case published in the *Satya Mitra* were not true, and he read some extracts in support of his contention. The reports were calculated to intimidate the witnesses for the prosecution, and he (Mr. Pherozeshaw) sought the protection of the court in that respect.

Mr. Skipsey said that questions relating to the reports could not be put to the complainant in his re-examination, especially as the witness could not be now cross-examined upon the point.

The magistrate said that the articles were scarcely admissible in the re-examination of the witness.

Mr. Pherozeshaw: Is evidence of malice?

The magistrate.—I do not think so. Mr. Pherozeshaw can make a separate application for contempt of court, if he likes.

Mr. Pherozeshaw said he would make the application at the next hearing, and ask the court to take proceedings in the matter as it thought fit.

Mr. N. Byramjee Jeejeebhoy was the first witness examined by Mr. Pherozeshaw. He said he was a Justice of the Peace and a member of the Town Council. He knew the complainant as well as the defendant. He read the *Rast Goftar* as well as the *Satya Mitra*. He remembered reading the article upon Baroda affairs in the *Satya Mitra* of the 1st January, 1882. On the occasion of the installation ceremony at Baroda, he and his father went there as the state guests. Mr. Kaikhoshru accompanied him and his father to Baroda, the carriage reserved by them. Mr. Kaikhoshru had accompanied them in the reserved carriage, on condition that he would be allowed to pay his fare. On his return to Bombay Mr. Kaikhoshru sent his share of the railway fare to Mr. Nanabhoy; but the witness, after consulting his father, returned the money. Witness had read the article, upon Baroda affairs in the *Satya Mitra*. The article, with some verses imputing corrupt and unworthy motives, was applied to the complainant. He remembered reading the article headed "March to Mooltan" at the time when it had appeared in the *Satya Mitra*. It was applied to the complainant in reference to a particular member of his family. He came to this conclusion from his knowledge of a certain rumour which was prevalent at the time of the publication. After he read the paragraph in the *Satya Mitra*, he sent a message of sympathy to the complainant. There was another article, headed "Police! Police!! Police!!!" in the *Satya Mitra*, containing allegations against the complainant. Mr. Nanabhoy had conversation with the defendant with reference to the articles published in the *Satya Mitra* about the complainant. He used to warn the defendant that he would have to suffer some day for his attacks upon the character of the complainant. The defendant used to write anything against the complainant, and to mix up all sorts of things. The defendant said that he knew what he was doing. Defendant did not make a denial of the attack upon Mr. Kabrajee. Mr. Nanabhoy remembered having once asked the defendant the meaning of the paragraph headed "Police." The defendant replied that it was a hint given to the police about a certain member of Mr. Kaikhoshru's family. Witness and his father were present at one of the musical recitals given by the complainant at the Framjee Cowasjee Institute. It was a gathering of some of the most respectable and honoured ladies and gentlemen in Bombay. The words "filthy" and "stin

CARLTON WHISKEY, ELEVEN YEARS OLD.

Same as supplied to the Carlton and other London Club Houses.

THESE GRAND OLD WHISKIES are shipped only by RICHARD MATHEWS AND COMPANY, of London and Inverness, who are sole possessors of the Brand "CARLTON." They are distilled from the finest Highland Malt only, are in every respect equal to the finest Brandy, and guaranteed to be entirely free from Fusel Oil or other noxious impurities.

The following Testimonial has been received from the Secretary of the "CARLTON" CLUB.

CARLTON CLUB, 1875,
December 20.

MESSRS. R. MATHEWS & COMPY.

GENTLEMEN,—In reply to your inquiry as to whether the Whiskey you are supplying to this Club is approved by the Members, the best answer I can give is that the consumption of this spirit in the Club has GREATLY INCREASED since it has been supplied by your Firm. There can be no doubt whatever about the Whiskey being MOST EXCELLENT.

It is old and soft, and I may safely say that it is much approved by the Members.

CAUTION.—It has come to the knowledge of the shippers of the "CARLTON" WHISKIES that the empty bottles have been dishonestly refilled with the poisonous trash very often sold in India under the name of Whiskey, this is therefore to caution consumers to carefully examine the Capsules and Corks to see they have not been tampered with; also that the Corks, Capsules, and Labels are branded with Trade Mark.
